Board Gives Approval for New High School Building

The Hamlin Board of Trustees voted Monday night to start making plans for a \$750,000 bond election the latter part of June for the construction of a four grade high school building north of the football stadium. The board voted 6 to 1 in favor of the new building.

A petition of at least 20 qualified voters must be presented to the board for the calling of the bond election and then there is waiting period beyond that time for the

election. The probable date of the election will be Saturday, June 18.

The board has been studying four different plans or methods of solving the increased building needs of the district for some time. The plans ranged in cost from \$300,000.00 to \$750,000.00 with this going from remodeling and adding on classrooms to the complete new high school.

The \$750,000.00 bond election would include \$600,000.00 for the building, \$65,000.00

for equipment and teaching aids, \$38,100.00 for architect's fees, \$42,000.00 for repair of present buildings, and \$5,300.00 for Bond Consultant's fee.

The building is still in the designing stage with the complete plans waiting on the passage of the bonds. But present plans call for a complete high school with a practice gym, and a cafeteria and auditorium combination.

The school will continue to use the present gymnasium and auditorium. The gym in the new building would be used for physical education and basketball practice with the present gym still being used for basketball games. The gym and stage would be used for assembly programs and other things of this nature during the school day. Plays and band concerts and other programs would continue to be held in the present auditorium.

The shortage of space within the school system that has caused the need for the board to study various building programs has been caused by various factors. Among these factors has been the complete integration of the school system for next fall, increased educational requirements and additional programs.

Several months ago the board appointed a 17 member citizens committee to study the various building programs and this committee recommended 16 to 1 the building of a new high school.

The \$750,000.00 bond issue would be for 25 years and would require a 42 cent bond tax rate in comparison with the current 15 cent rate. This compares with a 28-cent bond tax rate that was required to retire the bonds on the present gymnasium.

A \$9,000.00 home would be taxed at a value of \$3,000.00 of \$8.10 per year in school taxes. An \$18,000.00 home would show an increase and would show an increase of \$16.20 per year.

To a motorist who still hasn't put a Tiger in his tank.

Here's that Tiger.

You're a skeptic. Good. Then you're going to be a good customer, if we can ever win you. We showed you proof on television that High-energy Enco Extra cleans your carburetor while you drive.

(Probably you said, "So what? My car still runs.")

We told you it improves firing power, helps

prevent hot spots and misfiring and gives you the high octane to help you take off like a cat.

(You drove right on by.)

It's frustrating to develop a gasoline that gives this kind of performance and then not even have you try it.

Did you know new High-energy Enco Extra is more powerful than aviation gasoline of just a few years ago?

That the Tiger is now the favorite of motorists all over the world? And that Jimmy Clark became the World's Champion Race Driver with a Tiger in his tank?

So why not "Put a Tiger in Your Tank?" "Happy Motoring!"

FAIRVIEW NEWS...

By Mrs. Elmer Joiner
The past week has been what you can call perfect weather, no wind, no heat, no cold, just beautiful sunny weather, until last night. Another cool norther blew in about morning and it looks like rain again. The fields are just getting dry enough to be worked in spots, all farmers were counting on starting the ball rolling this morning, instead they may be home around the fire. It looks like we might have to keep our stoves in operating condition all summer this year.

Sunday was Mother's Day and mothers were honored throughout the nation in the different churches and in other ways. In our little group, Mrs. F. A. Henry received the corsage for being the oldest mother present, Mrs. H. L. Ford the corsage for being the youngest mother. Since Mrs. Ford is a grandmother herself, it is very evident that we do not have any young people in our church. The pastor preached a good sermon and since his mother passed away when he was two years old, he never knew her, but paid a beautiful tribute to the only mother he knew, his wife's mother.

Mr. J. L. Wilson, Abilene, was back home visiting in church, Sunday morning.

Mr. and Mrs. J. D. King, of Dallas, were also visitors both services Sunday, having spent the weekend with her sister, Mr. and Mrs. Fred Rosenbaum.

Most of our ladies out this way attended the gift tea, Tuesday night, in the home of Mrs. Robert Cary, in Hamlin, honoring Mrs. John Rackler, the former Penny Ford. She received many beautiful gifts and everything looked very

pretty.

Mr. and Mrs. Henry went to Midland Thursday and spent the night with their son and family, the Jimmy Henrys. Then Friday they went to Andrews where they visited his sister, Mr. and Mrs. M. L. Matheny. Mr. Matheny has been in ill health for several months. They returned home Saturday, by way of Snyder, where they also visited with more relatives.

Mr. and Mrs. Elmer Joiner went to Odessa and spent the night, Thursday, with their son, Mr. and Mrs. Buck Joiner and family.

Mr. and Mrs. Henry were Monday afternoon visitors of the Holmes.

Mr. Holmes is feeling better but Mrs. Holmes has been sick last week from a cold and ear trouble.

Rev. and Mrs. R. M. Babb were Saturday afternoon visitors of the Holmes and the Drake family.

Rev. Fate Reddin and Mr. Bowen, from Tuxedo church, were Sunday afternoon visitors in the H. L. Ford home.

Mr. and Mrs. Winslow Gray went to Anson Hospital, Sunday afternoon, and visited with their landlady, Mrs. Claryce Gentry, who has recently had surgery in that hospital.

Mr. and Mrs. Clois Henry and children, of San Angelo, were Sunday afternoon visitors in his parents' home.

Mrs. Joe Ford reported that all of her children that lived in this area, visited with her either Saturday or Sunday. The one coming the farthest away was Mr. and Mrs. Eudell Ford, of Lamesa. Since Mrs. Ford has a big family, Mother's Day can be a wonderful time for her.

Several of the families in

our community attended the gift shower, Friday night, in the Hanna Baptist Church, for the Madgean Rainwater's who lost their home by fire last week. They received a nice assortment of gifts and many gave money.

Sunday visitors of the Drake family were Mr. and Mrs. J. S. Scott, of Albany. Friday night the Drakes visited Mr. and Mrs. W. C. Eoff.

Rev. and Mrs. Babb spent Sunday with Mr. and Mrs. Woodrow Goodwin.

Sunday was a big day in the George Wainwright home. Those present were: Mrs. Wainwright's sister, Mr. and Mrs. E. M. Bowlin, Modesto, Calif.; her father, Mr. T. N. McCright, Roby; a brother, Mr. and Mrs. W. T. McCright, of Royston; their daughter, Mr. and Mrs. Jack Peters and children, Stamford; a son, Mr. and Mrs. Wayne Wainwright and children, Haskell; and Jimmy Wainwright's fiancée, Jeannie Goolsby, Hamlin.

Mrs. Woodrow Goodwin and Mrs. Elmer Joiner spent Saturday at the City Hall, assisting with the election.

Was good to see Mr. and Mrs. Roy Watts back in church Sunday after being out the last two Sundays. Mr. Watts has a very painful back ailment, and rainy weather isn't very good for it.

Almost forgot to report that my own children didn't forget mama Sunday. Mr. and Mrs. Jimmy Joiner and children, Stamford, and Mr. and Mrs. Runt McCoy and Larry, were Sunday afternoon visitors.

Have learned the hard way recently, that if you are going to try to report the news, you will be criticized, even ridiculed sometimes, but you just have to laugh about it and continue on. A person that never gets any criticism isn't human, so why worry about it, just appreciate the nice things that you hear and forget all else.

La Gena Weaver Named Officer

Selected as parliamentarian of T. I. P. women's social club for next year is Miss La Gena Weaver, McMurry College junior.

Miss Weaver is majoring in physical education and minor in history.

She is the daughter of Mr. and Mrs. Irby Weaver of Hamlin and a 1963 graduate of Hamlin High School.

Organized in 1925, T. I. P. is the oldest women's social club on campus. The purpose of the club is to promote friendship and to contribute to the cultural, physical, and spiritual growth of its members.

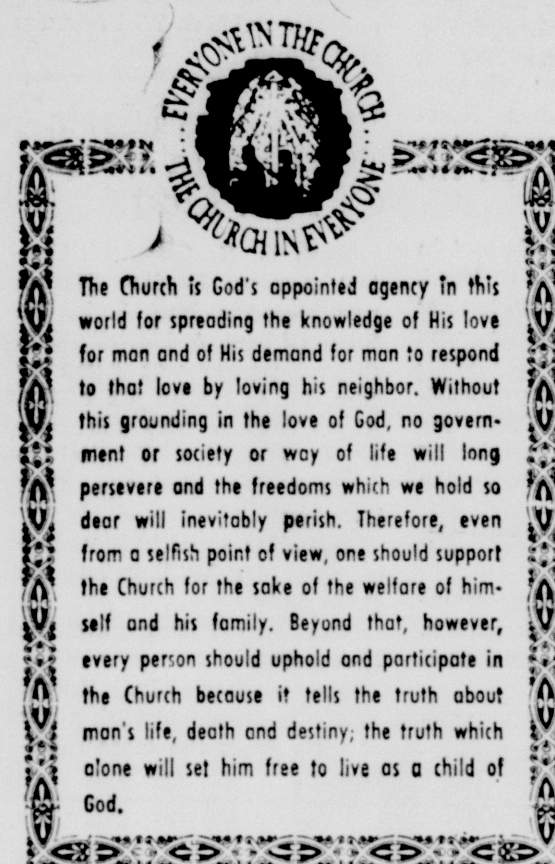

Coleman Adv. Serv.

In all ways of life, keep him swinging in the proper

STRIKE ZONE

PLAY BALL... is a familiar cry in the spring and summer. This is a time that parents and coaches, alike, encourage the boy not to swing unless the ball is in the strike zone... for in the early years of playing the game, the tendency is to swing at every pitch. This holds true in all of life, so it is up to wiser and older heads to train and encourage him in the better things. Bringing up a child is a serious matter and all can use help. Let the church help you to teach him the right ways.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

The seniors are back at HHS once again. If you want to know what a wonderful time the seniors had, just ask any one of them or a sponsor. You had better have some extra time, because once one of them starts telling of the exciting things on the trip, he just can not be stopped. The seniors are glad to be back and to see their younger friends.

HHS
Yes, this past week has really been a holiday for the seniors; however, the juniors are still hard at work preparing for the Junior-Senior Banquet! The juniors have been very "closed mouthed" about the theme of the banquet. The banquet will be held at 8:00 p. m. on May 13.

HHS
Last week was filled with class trips. The juniors, taking a holiday from their busy schedule, went to Sweetwater Thursday night. They busied themselves eating, bowling, eating, playing miniature golf, and eating. The sophomores also went to Sweetwater on Friday night and enjoyed the same recreation; moreover, they remembered to rent the skating rink! The freshmen spent their class trip to Abilene.

HHS
The Pep Squad has also been active this past week. Nearly every day one can look out the window fourth period and see the girls practicing yells and twirling routines. The girls are in the process of getting ready for next year's marching activities. The majorettes, Sandra Fudge, Linda Goodwin, and Jaunita Williams, will be attending the twirling workshop at the University of Oklahoma in Norman, Okla. this summer. The cheerleaders, Geneva Ward,

Two Hamlin FFA Youths Seek Area District Offices

Robert Moore and Randy Smith, Hamlin High School juniors, will be the Hamlin FFA Chapter's candidates for the Area II Association and the Stamford District Association officer for the 1966-67 school year. These officers will be elected at a meeting of the Stamford District FFA May 10th, at Haskell High School.

Robert, president-elect of the local chapter, will run for the Area II office. He will compete with boys from the other sixteen schools of the district. The winner will then be the Stamford District's area officer for the coming year.

The area officer candidates from each of the seven districts in Area II will run for the Area II presidency at the Area II FFA Convention in late May at Fort Stockton. One boy will serve as Area President, the other six will serve as Area Vice-Presidents.

The Hamlin Chapter will nominate Randy for the office of District President. Should he be elected, Randy would then head the seventeen schools in the Stamford District for the 1966-67 school year. If not elected president, Randy's name will be submitted for one of the other five district offices.

Two Hamlin FFA Youths Seek Area District Offices

Robert Moore and Randy Smith, Hamlin High School juniors, will be the Hamlin FFA Chapter's candidates for the Area II Association and the Stamford District Association officer for the 1966-67 school year. These officers will be elected at a meeting of the Stamford District FFA May 10th, at Haskell High School.

Robert, president-elect of the local chapter, will run for the Area II office. He will compete with boys from the other sixteen schools of the district. The winner will then be the Stamford District's area officer for the coming year.

The area officer candidates from each of the seven districts in Area II will run for the Area II presidency at the Area II FFA Convention in late May at Fort Stockton. One boy will serve as Area President, the other six will serve as Area Vice-Presidents.

The Hamlin Chapter will nominate Randy for the office of District President. Should he be elected, Randy would then head the seventeen schools in the Stamford District for the 1966-67 school year. If not elected president, Randy's name will be submitted for one of the other five district offices.

"Some one hold me down!" is a cry I heard as I was walking down the hall one morning. The M. H. S. students are walking on air just at the thought of one more week of school and all is through for this year. (That is if you're not a senior.) But each student has decided that this year has really been exciting. Each event that took place has had its own story behind it. But, even if all are ready for school to turn out each one will be ready for the new year.

The underclassmen really hate to see the seniors go. They know that the seniors have been a little bit bossy at times. But, also they know they're time is coming for them to be the great seniors. But, as the seniors take they're separate

reads, we wish for them success. But let's not cry over the seniors too much. We have the future Freshmen to think about. All we can say for them is "Good Luck". (They'll need it.)

Last Thursday night as the parents and teachers of MHS were playing volleyball, Mrs. A. W. Jeffery injured her back. Mrs. Jeffery is now in The Hamlin Memorial Hospital. We hope she feels better real soon.

CoCaulley Junior and Seniors still have a small amount of annuals left. If anyone would like one we advise you buy it now. The supply is very scarce. The annuals cost \$4.00 each. You can buy one from any Junior or senior.

The Junior High averaged their grades as follows: David Hill — 90.66; Domingo Benavides — 85.16; high ranking girl was Sue Smith with an average of 85.8. Junior high's

graduating exercises will take place in the McCaulley gym Wednesday May 18, at 8:00. They want to invite everyone to come.

M. H. S. had an annual singing party Tuesday night at Mr. and Mrs. Fred Kemps home. Everyone had a great time.

Tonight (Thursday), the FHA plans to have that cook out. We hope it won't rain again.

Friday the cheerleader try-outs will take place. The girls that will try out are: Jeanne Acklin, Lana Acklin, Charollette Griffin, Sue Smith, Elaine Cerda, Debbie McCright, Connie Dowell, and Elvie Guerra. The student body and the teachers will vote.

Thursday 12, M. H. S. varsity baseball team will play Blackwell in Sweetwater. We wish the team a lot of luck.

The top ranking seniors have been announced Bobby Self is highest with 93.6, Ann Kemp averaged 90.27; Marion Beed was third with a 88.11.

AN OPEN LETTER TO THE CITIZENS OF JONES COUNTY

There is a strong community of interest among the three counties in District 62-F . . . Haskell, Jones and Taylor Counties. We have a history of cooperation and assisting each other for the common good and progress of West Texas.

My pledge to you, as this District's Democratic nominee for State Representative, is to continue this spirit of cooperation and to work hard for all of you in Austin. I hope to become better acquainted with the citizens of Jones County and will be asking many of you for your counsel and advice.

To those of you who supported me in last Saturday's Democratic Primary, I extend my sincerest thanks for the confidence you have shown me, and, to all the citizens of District 62-F, I give my assurance that my efforts in Austin will be guided by the best interests of all of the district.

Sincerely,

Jones County Shares In Making Texas Leading Energy Source

As Texas celebrates its 100th anniversary as an oil-producing state, Jones County shares in the development that made the Lone Star State the No. 1 energy source for a booming American civilization.

In 1886 Lyne T. Barret — a man most history books forgot — drilled the first Texas oil well near Nacogdoches at a depth of 106 feet. In the one hundred years that followed, the search for oil and gas spread to every county in Texas, and today Jones County is one of 210 which produce oil or gas.

Barret and other pioneer Texas oil men left a legacy for Jones County that can be measured at approximately \$12.5 million a year, based on statistics compiled by Texas Mid-Continent Oil & Gas Association.

During Texas' first century of oil production (29 billion barrels) Jones County has contributed approximately 1514 million barrels, its record dating from 1926.

The latest U. S. Bureau of Mines figures (1964) show Jones County produced more than 4.2 million barrels of crude oil valued at \$12.3 million; and 1.2 billion cubic feet of natural gas worth about \$146,000. The 1965 output would be approximately the same, preliminary estimates indicate.

Jones County ranks 81st among the Texas counties producing oil and gas.

Payrolls, distribution of royalty checks to local landowners, new drilling ventures and tax payments are some of the ways by which oil and gas revenues are injected into the Jones County economy.

One of the most important "crops" harvested by Texas ranchers, farmers and other landowners is the royalty interest from oil and gas operations. These payments are at the rate of approximately \$1.6 million a year in Jones county. Many more thousands a year are paid in lease rentals and bonuses on acreage which operators hope will some day yield oil or gas.

In addition to sharing the tax load for local schools and levels of government, oil and gas producers and royalty owners send some \$577,000 a year to the State Treasury in severance taxes. Oil taxes account for \$567,000; gas \$10,000. Several schools in this county depend on the oil and gas property taxes for a sizable part of the annual locally-raised budgets. Some examples: Hamlin, 35%; Lueders, 63%; Hawley, 64%.

Triggered by the first discovery in 1926, the search for oil in Jones County is still under way. The Oil and Gas Journal reported 90 wells were drilled in the county last year. Thirty six of these were "wildcats" seeking new fields or production from new strata. Results: 31 oil wells; 1 gas well; 53 dry holes; 5 service wells. Oil men and other investors risked an estimated \$1.8 million in Jones County to drill 241,000 feet of hole. Some \$998,000 disappeared forever in dry holes.

Producers to Vote On Whether To Permit Acreage Transfer

Growers in about two-thirds of the upland cotton producing counties will vote during the period May 16 through May 25 on whether to permit transfer of cotton acreage allotments by sale or lease. If in any county at least two-thirds of growers voting favor transfer, growers will be permitted to transfer allotments by sale or lease to farmers in other counties within same state. Allotments by sale may not be shifted to other states.

Where approved by at least two-thirds of growers voting in county, transfer of allotments to other counties for period 1967, 1968 and 1969 will be permitted. Transfer of allotments authorized in Food and Agriculture Act of 1965.

First vote on transfer of allotments held on November 23, 1965. At that time growers in 349 upland cotton producing counties voted to permit transfers. There are a total of 1,059 cotton counties in U. S. Only those counties which did not approve transfer last November will vote next month.

The May 16-25 referendum will be mail, first time a referendum of this type has been conducted by mail. Ballots will be mailed to all cotton growers of record in counties hold-

ing referendum on May 13. Officials said a mail vote should be much more convenient for growers rather than having to appear in person at their polling place, particularly during the busy season. USDA officials hope for a good turnout in voting and will regard it as a sign growers approve mail method of holding referendum. To be counted all votes should be in the office of the County ASC Committee before the office closes on May 25.

We had a wonderful evening Sunday for Roping and Barrel Racing. Thirteen men 45 and over entered a four calf average roping which was won by Bill Crowder. Carl Sheppard was second, Ray Bailey was third, and T. W. Flenniken was fourth. T. W. tied the fastest calf.

Thirty-one entered the open two calf average which was won by Ed Workman. Second was Horace Rankin, third was Ronnie Hilton, and fourth was Payton Whitaker.

In the matched roping R. E. Josey won over Larry Guy by only seven seconds on ten head. It was a thriller all of the way.

Thirteen girls entered the barrel race won by Debbie Elmore. Jo Palmer and Judy Deatherage tied for second and Gloria Hopper and Iris Smith tied for third.

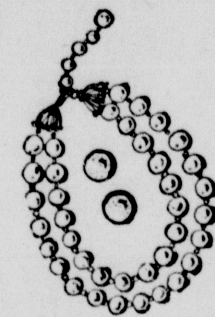

The Riding Club is ready to sell about five or ten head of the biggest calves now on hand. Anyone interested should contact Billy McIlwain. The Riding Club appreciates the turn out Sunday and hopes everyone enjoyed it.

First Baptist Church Junior Choir Rated Superior At State

Judges at the State Junior Choir Festival of the Baptist General Convention of Texas rated the Junior Choir of the First Baptist Church of Hamlin as "Superior." The choir under the direction of Bill Keck performed in competition with the best choirs of the state in the Texas Baptist Junior Choir Festival held in Arlington last Saturday.

Among the evaluations of the judges were the following statements: "Excellent appearance!" . . . "Excellent rapport between choir and director!" "This is a fine looking attentive group. . . You have a wonderful director, you know how to follow him well."

Certificates will be awarded to the Junior Choir members at the Sunday evening services of the church in recognition of their accomplishments at the state festival.

The five choirs of the First Baptist Church will be given awards for their work this year. The entire service will be built around the music program of the church and will involve the use of the graded choirs. Twenty-six individual awards will be presented. Three are for one year perfect attendance and two for two years of perfect attendance.

The adult, youth, and junior choirs are directed by Bill Keck, minister of music and education of the church. The primary choir is directed by Mrs. Bill Keck, and the beginner choir is under the direction of Carol Joe Simpson.

Don (Buster) Reeves will be the evangelist. A junior student at Hardin-Simmons University, he is a native of Knox City. He has just returned from a Crusade in Indiana in which about 30 young people from Hardin-Simmons participated.

A fellowship is being planned following the service on Saturday night. The evangelist and Connie Jo Duncan, daughter of Mr. and Mrs. Edgar Duncan, will present some slides of the crusade in Indiana. Refreshments will be served.

On Sunday night following the last service of the meeting there will be a seminar in which many of the problems facing young people of today will be discussed.

All friends in the community are invited to take part in this revival effort.

Mr. and Mrs. Don Roberts, the Church music director and pianist, will be directing the music.

Board Gives Approval for New High School Building

The Hamlin Board of Trustees voted Monday night to start making plans for a \$750,000 bond election the latter part of June for the construction of a four grade high school building north of the football stadium. The board voted 6 to 1 in favor of the new building.

A petition of at least 20 qualified voters must be presented to the board for the calling of the bond election and then there is waiting period beyond that time for the

election. The probable date of the election will be Saturday, June 18.

The board has been studying four different plans or methods of solving the increased building needs of the district for some time. The plans ranged in cost from \$300,000.00 to \$750,000.00 with this going from remodeling and adding on classrooms to the complete new high school.

The \$750,000.00 bond election would include \$600,000.00 for the building, \$65,000.00

for equipment and teaching aids, \$38,100.00 for architect's fees, \$42,000.00 for repair of present buildings, and \$5,300.00 for Bond Consultant's fee.

The building is still in the designing stage with the complete plans waiting on the passage of the bonds. But present plans call for a complete high school with a practice gym, and a cafeteria and auditorium combination.

The school will continue to use the present gymnasium and auditorium. The gym in the new building would be used for physical education and basketball practice with the present gym still being used for basketball games. The gym and stage would be used for assembly programs and other things of this nature during the school day. Plays and band concerts and other programs would continue to be held in the present auditorium.

The shortage of space within the school system that has caused the need for the board to study various building programs has been caused by various factors. Among these factors has been the complete integration of the school system for next fall, increased educational requirements and additional programs.

Several months ago the board appointed a 17 member citizens committee to study the various building programs and this committee recommended 16 to 1 the building of a new high school.

The \$750,000.00 bond issue would be for 25 years and would require a 42 cent bond tax rate in comparison with the current 15 cent rate. This compares with a 28-cent bond tax rate that was required to retire the bonds on the present gymnasium.

A \$9,000.00 home would be taxed at a value of \$3,000.00 of \$8.10 per year in school taxes. An \$18,000.00 home would show an increase and would show an increase of \$16.20 per year.

SYLVESTER NEWS...

By Mrs. R. M. Babb
Yes, I will admit that we do have odd weather but guess we will just accept it and like it. It is plenty cool this Monday morning.

In the M. D. Brown home over the weekend were the Buddy Portwoods, former residents of our town.

Mrs. M. D. Douglas enjoyed Mother's Day by having Walter Douglas and family of Big Spring and Thurman Douglas and family of Ark. visit with her and also visiting in the home of The Alfred Douglas.

My, my have you seen that new Malibu Chevrolet that the Waldo Gatewoods are enjoying?

Mr. and Mrs. Melvin Winchester of Dallas and Mrs. Mike Terry of Roby visited in the Waldo Gatewood home last week.

Raymond Perkins and family were down from Lubbock last Thursday and Mrs. Carra Perkins accompanied them back to Lubbock for a visit.

To spend Mothers' Day in the J. M. Montgomery home were the E. L. Porter family of Rosco, Mrs. Johnnie Ruth Sharp and family of Abilene.

The Chub Hardwick family went to College Station for

Mothers' Day and to visit with their son John. They report he is fine.

1st Lt. Jimmy Lanning left on Saturday on his way to San Francisco, California from there on to Viet Nam. We wish all the luck in the world.

Mrs. A. W. Pursley came home from the hospital on Saturday and had her daughter and family from Big Spring and her sister, Mrs. Henry White, and family of Lubbock to spend the weekend with them.

Mrs. Lee Sanders is doing fine after surgery last week. She and Mrs. Pursley both were in Hamlin Hospital.

Luke McCollom Sr. is doing better. He also is in Hamlin Hospital.

Mr and Mrs. Buford Brown were invited to their daughters' home for lunch on Mothers' Day so they accepted and spent the day in Sweetwater.

The men of the Baptist Church decided the church needed rewiring so they all gathered Saturday morning and did what needed to be done. The ladies fixed lunch so every one had a good time

as well as getting some work done.

Vacation Bible school will start on June 6 thru June 10, with preparation day on June 4. Workers are needed and we hope all the children in the community will attend. It will be at the Baptist Church.

Rev. and Mrs. Levertt and children drove of Abilene after morning services and visited with her mother and grandmother, Mrs. Tanner and Mrs. Bagley.

Faye Doizer is doing fairly well after spending some time in Hendrick Hospital for tests and x-rays.

Mrs. Lee Sanders was to undergo surgery Monday morning at Hamlin Hospital but haven't had a report as to her condition as yet. We hope every thing went well.

Mrs. Maggie Wilder is visiting her sons in Dallas for a few days. We hope she didn't

encounter any of the high water.

Ernest Kiser came home from Ft. Worth this past week. He said he decided he had better come home before the water got any higher. I rather think he was surprised at the amount we had already had here.

Mrs. Carra Perkins called this morning, she will arrive home this afternoon, she has been visiting Doris and Morris Rocquemore and granddaughter, Sue Ann, in Irving.

Mrs. Woodrow Lawlis and Mrs. Homer Pursley attended the Vacation Bible School Clinic in Roby last Tuesday.

The Med Herrons had their grandchildren from Farewell with them last week.

Please, if at any time any one knows any news, please call me. I would surely appreciate it, as I don't always know what is going on.

FAIRVIEW NEWS...

By Mrs. Elmer Joiner
The past week has been what you can call perfect weather, no wind, no heat, no cold, just beautiful sunshiny weather, until last night. Another cool norther blew in about morning and it looks like rain again. The fields are just getting dry enough to be worked in spots, all farmers were counting on starting the ball rolling this morning, instead they may be be home around the fire. It looks like we might have to keep our stoves in operating condition all summer this year.

Sunday was Mother's Day and mothers were honored throughout the nation in the different churches and in other ways. In our little group, Mrs. E. A. Henry received the corsage for being the oldest mother present, Mrs. H. L. Ford the corsage for being the youngest mother. Since Mrs. Ford is a grandmother herself, it is very evident that we do not have any young people in our church. The pastor preached a good sermon and since his mother passed away when he was two years old, he never knew her, but paid a beautiful tribute to the only mother he knew, his wife's mother.

Mr. J. L. Wilson, Abilene, was back home visiting in church, Sunday morning.

Mr. and Mrs. J. D. King, of Dallas, were also visitors both services Sunday, having spent the weekend with her sister, Mr. and Mrs. Fred Rosenbaum.

Most of our ladies out this way attended the gift tea, Tuesday night, in the home of Mrs. Robert Cary, in Hamlin, honoring Mrs. John Rackler, the former Penny Ford. She received many beautiful gifts and everything looked very

pretty.

Mr. and Mrs. Henry went to Midland Thursday and spent the night with their son and family, the Jimmy Henrys. Then Friday they went to Andrews where they visited his sister, Mr. and Mrs. M. L. Matheney. Mr. Matheney has been in ill health for several months. They returned home Saturday, by way of Snyder, where they also visited with more relatives.

Mr. and Mrs. Elmer Joiner went to Odessa and spent the night, Thursday, with their son, Mr. and Mrs. Buck Joiner and family.

Mr. and Mrs. Henry were Monday afternoon visitors of the Holmes.

Mr. Holmes is feeling better but Mrs. Holmes has been sick last week from a cold and ear trouble.

Rev. and Mrs. R. M. Babb were Saturday afternoon visitors of the Holmes and the Drake family.

Rev. Fate Reddin and Mr. Bowen, from Tuxedo church, were Sunday afternoon visitors in the H. L. Ford home.

Mr. and Mrs. Winsor Gray went to Anson Hospital, Sunday afternoon, and visited with their landlady, Mrs. Claryce Gentry, who has recently had surgery in that hospital.

Mr. and Mrs. Clois Henry and children, of San Angelo, were Sunday afternoon visitors in his parents' homes.

Mrs. Joe Ford reported that all of her children that lived in this area, visited with her either Saturday or Sunday. The one coming the farthest away was Mr. and Mrs. Eudell Ford, of Lamesa. Since Mrs. Ford has a big family, Mother's Day can be a wonderful time for her.

Several of the families in

our community attended the gift shower, Friday night, in the Hanna Baptist Church, for the Madgean Rainwater's who lost their home by fire last week. They received a nice assortment of gifts and many gave money.

Sunday visitors of the Drake family were Mr. and Mrs. J. S. Scott, of Albany. Friday night the Drakes visited Mr. and Mrs. W. C. Eoff.

Rev. and Mrs. Babb spent Sunday with Mr. and Mrs. Woodrow Goodwin.

Sunday was a big day in the George Waincott home. Those present were: Mrs. Waincott's sister, Mr. and Mrs. E. M. Bowlin, Modesto, Calif.; her father, Mr. T. N. McCright, Roby; a brother, Mr. and Mrs. W. T. McCright, of Royston; their daughter, Mr. and Mrs. Jack Peters and children, Stamford; a son, Mr. and Mrs. Wayne Waincott and children, Haskell; and Jimmy Waincott's fiancée, Jeannie Goolsby, Hamlin.

Mrs. Woodrow Goodwin and Mrs. Elmer Joiner spent Saturday at the City Hall, assisting with the election.

Was good to see Mr. and Mrs. Roy Watts back in church Sunday after being out the last two Sundays. Mr. Watts has a very painful back ailment, and rainy weather isn't very good for it.

Almost forgot to report that my own children didn't forget mama Sunday, Mr. and Mrs. Jimmy Joiner and children, Stamford, and Mr. and Mrs. Runt McCoy and Larry, were Sunday afternoon visitors.

Have learned the hard way recently, that if you are going to try to report the news, you will be criticized, even ridiculed sometimes, but you just have to laugh about it and continue on. A person that never gets any criticism isn't human, so why worry about it, just appreciate the nice things that you hear and forget all else.

STRIKE ZONE

PLAY BALL... is a familiar cry in the spring and summer. This is a time that parents and coaches, alike, encourage the boy not to swing unless the ball is in the strike zone... for in the early years of playing the game, the tendency is to swing at every pitch. This holds true in all of life, so it is up to wiser and older heads to train and encourage him in the better things. Bringing up a child is a serious matter and all can use help. Let the church help you to teach him the right ways.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

The seniors are back at HHS once again. If you want to know what a wonderful time the seniors had, just ask any one of them or a sponsor. You had better have some extra time, because once one of them starts telling of the exciting things on the trip, he just can not be stopped. The seniors are glad to be back and to see their younger friends.

HHS

Yes, this past week has really been a holiday for the seniors; however, the juniors are still hard at work preparing for the Junior-Senior Banquet! The juniors have been very "closed mouthed" about the theme of the banquet. The banquet will be held at 8:00 p. m. on May 13.

HHS

Last week was filled with class trips. The juniors, taking a holiday from their busy schedule, went to Sweetwater Thursday night. They busied themselves eating, bowling, eating, playing miniature golf, and eating. The sophomores also went to Sweetwater on Friday night and enjoyed the same recreation; moreover, they remembered to rent the skating rink! The freshmen spent their class trip to Abilene.

HHS

The Pep Squad has also been active this past week. Nearly every day one can look out the window during period and see the girls practicing yells and twirling routines. The girls are in the process of getting ready for next years marching activities. The majorettes, Sandra Fudge, Linda Goodwin, and Jaunita Williams, will be attending the twirling workshop at the University of Oklahoma in Norman, Okla. this summer. The cheerleaders, Geneva Ward,

June Hill, Helen Moore, and Pauline Womack, will attend the cheerleading school at Texas Tech. They are looking forward to learning new routines and cheers and perhaps bringing home a few ribbons. The cheerleaders won two second place ribbons last year in cheerleading competition at Texas Tech.

HHS

The seniors are back in the swing of things as they are going to put on a senior assembly next week. Since their class is so full of ability, we are anxiously awaiting their assembly which is sure to be full of talent and good ideas.

HHS

The senior band students and Mr. Jones really enjoyed themselves at the Cliff House in Stamford Tuesday night, May 10 Mr. Jones treated these students to a good time!

HHS

"Hooray! Only one more week before the end of the school term!" But what do we also hear? "Just think — it won't be long until school starts — football season — basketball — banquets — I can hardly wait!"

Two Hamlin FFA Youths Seek Area, District Offices

Robert Moore and Randy Smith, Hamlin High School juniors, will be the Hamlin FFA Chapter's candidates for the Area II Association and the Stamford District Association officer for the 1966-67 school year. These officers will be elected at a meeting of the Stamford District FFA May 10th, at Haskell High School.

Robert, president-elect of the local chapter, will run for the Area II office. He will compete with boys from the other sixteen schools of the district. The winner will then be the Stamford District's area officer for the coming year.

The area officer candidates from each of the seven districts in Area II will run for the Area II presidency at the Area II FFA Convention in late May at Fort Stockton. One boy will serve as Area President, the other six will serve as Area Vice-Presidents.

The Hamlin Chapter will nominate Randy for the office of District President. Should he be elected, Randy would then head the seventeen schools in the Stamford District for the 1966-67 school year. If not elected president, Randy's name will be submitted for one of the other five district offices.

Mrs. Willie Mae Shedd of Anton is visiting with her daughter and family, Mr. and Mrs. Jerry Williams, Mike, Patti and Monte.

FROM THE EAGLE'S BEAK . . .

By Jeane Acklin
Ann Kemp
Rachel Miranda

"Some one hold me down!" is a cry I heard as I was walking down the hall one morning. The M. H. S. students are walking on air just at the thought of one more week of school and all is through for this year. (That is if you're not a senior.) But each student has decided that this year has really been exciting. Each event that took place has had its own story behind it. But, even if all are ready for school to turn out each one will be ready for the new year.

The underclassmen really hate to see the seniors go. They know that the seniors have been a little bit bossy at times. But, also they know they're time is coming for them to be the great seniors. But, as the seniors take they're separate

reads, we wish for them success. But let's not cry over the seniors too much. We have the future Freshmen to think about. All we can say for them is "Good Luck". (They'll need it.)

Last Thursday night as the parents and teachers of MHS were playing volleyball, Mrs. A. W. Jeffery injured her back. Mrs. Jeffery is now in The Hamlin Memorial Hospital. We hope she feels better real soon.

The Junior High averaged their grades as follows: David Hill — 90.66; Domingo Benavides — 85.16; high ranking girl was Sue Smith with a average of 85.8. Junior high's

graduating exercises will take place in the McCaulley gym Wednesday May 18, at 8:00. They want to invite everyone to come.

M. H. S. had an annual singing party Tuesday night at Mr. and Mrs. Fred Kemp's home. Everyone had a great time.

Tonight (Thursday), the FHA plans to have that cook out. We hope it won't rain again.

Friday the cheerleader try-outs will take place. The girls that will try out are: Jeanne Acklin, Lana Acklin, Charlette Griffin, Sue Smith, Elaine Cerda, Debbie McCright, Connie Dowell, and Elvise Guerra. The student body and the teachers will vote.

Jones County Shares In Making Texas Leading Energy Source

As Texas celebrates its 100th anniversary as an oil-producing state, Jones County shares in the development that made the Lone Star State the No. 1 energy source for a booming American civilization.

In 1886 Lyne T. Barret — a man most history books forgot — drilled the first Texas oil well near Nacogdoches at a depth of 106 feet. In the one hundred years that followed, the search for oil and gas spread to every county in Texas, and today Jones County is one of 210 which produce oil or gas.

Barret and other pioneer Texas oil men left a legacy for Jones County that can be measured at approximately \$125 million a year, based on statistics compiled by Texas Mid-Continent Oil & Gas Association.

During Texas' first century of oil production (29 billion barrels) Jones County has contributed approximately 151.4 million barrels, its record dating from 1926.

The latest U. S. Bureau of Mines figures (1964) show Jones County produced more than 42 million barrels of crude oil valued at \$12.3 million; and 1.2 billion cubic feet of natural gas worth about \$146,000. The 1965 output would be approximately the same, preliminary estimates indicate.

Jones County ranks 81st among the Texas counties producing oil and gas.

Payrolls, distribution of royalty checks to local landowners, new drilling ventures and tax payments are some of the ways by which oil and gas revenues are injected into the Jones County economy.

One of the most important "crops" harvested by Texas ranchers, farmers and other landowners is the royalty interest from oil and gas operations. These payments are at the rate of approximately \$1.6 million a year in Jones county. Many more thousands a year are paid in lease rentals and bonuses on acreage which operators hope will some day yield oil or gas.

In addition to sharing the tax load for local schools and levels of government, oil and gas producers and royalty owners send some \$577,000 a year to the State Treasury in severance taxes. Oil taxes account for \$567,000; gas \$10,000. Several schools in this county depend on the oil and gas property taxes for a sizable part of the annual locally-raised budgets. Some examples: Hamlin, 55%; Lueders, 63%; Hawley, 64%.

Triggered by the first discovery in 1926, the search for oil in Jones County is still under way. The Oil and Gas Journal reported 90 wells were drilled in the county last year. Thirty six of these were "wildcats" seeking new fields or production from new strata. Results: 31 oil wells; 1 gas well; 53 dry holes; 5 service wells. Oil men and other investors risked an estimated \$1.8 million in Jones County to drill 241,000 feet of hole. Some \$998,000 disappeared forever in dry holes.

The Texas Employment Commission reports an indus-

try payroll of about \$693,000 a year for Jones Countians who are directly employed by oil and gas firms. This, of course, is only part of the total employment created by petroleum operations for many others work in related service and supply jobs.

One of the most significant technological developments of the last two decades has been the high recovery of liquids like butane and propane from natural gas. One plant operating in the county processes approximately 20 million cubic feet of gas a day, which added value to gas production here.

Petroleum refining and production of chemicals from oil and gas account for a large part of the total value created by manufacturing in Texas. This county's manufacturing industry includes one refinery, which processes some 3,000 barrels of crude a day.

Producers to Vote On Whether To Permit Acreage Transfer

Growers in about two-thirds of the upland cotton producing counties will vote during the period May 16 through May 25 on whether to permit transfer of cotton acreage allotments to other counties by sale or lease. If in any county at least two thirds of growers voting favor transfer, growers will be permitted to transfer allotments by sale or lease to farmers in other counties within same state. Allotments by sale may not be shifted to other states.

Where approved by at least two-thirds of growers voting in county, transfer of allotments to other counties for period 1967, 1968 and 1969 will be permitted. Transfer of allotments authorized in Food and Agriculture Act of 1955.

First vote on transfer of allotments held on November 23, 1965. At that time growers in 349 upland cotton producing counties voted to permit transfers. There are a total of 1,059 cotton counties in U. S. Only those counties which did not approve transfer last November will vote next month.

The May 16-25 referendum will be mail, first time a referendum of this type has been conducted by mail. Ballots will be mailed to all cotton growers of record in counties hold-

ing referendum on May 13. Officials said a mail vote should be much more convenient for growers rather than having to appear in person at their polling place, particularly during the busy season. USDA officials hope for a good turn out in voting and will regard it as a sign growers approve mail method of holding referendum. To be counted all votes should be in the office of the County ASC Committee before the office closes on May 25.
